

Task 3 — Spot and Fix Weak Prompts

Weak Prompt 1 — Write documentation

Why is it weak?

It does not explain what documentation I need.

CONTEXT

I have a small Java project.

ROLE

Act as a Java developer.

TASK

Write documentation for my project.

FORMAT

Use simple sections and bullet points.

CONSTRAINTS

Keep it short and easy to understand.

Result quality

Much better

Weak Prompt 2 — Help me with my code

Why is it weak?

AI does not know what help I need.

CONTEXT

I have Java code with an error.

ROLE

Act as a Java developer.

TASK

Find the error and fix it.

FORMAT

Show the error first, then the solution.

CONSTRAINTS

Explain it in simple words.

Result quality

Much better

Weak Prompt 3 — Make a summary

Why is it weak?

It does not say what to summarize or how long it should be.

CONTEXT

I have a long report.

ROLE

Act as an assistant.

TASK

Summarize the report.

FORMAT

Give me 5 bullet points.

CONSTRAINTS

Use simple English.

Result quality

Much better

Weak Prompt 4 — Fix the bug

Why is it weak?

There is no information about the bug.

CONTEXT

My Python function gives a wrong result.

ROLE

Act as a Python developer.

TASK

Find and fix the bug.

FORMAT

Show fixed code and explain the problem.

CONSTRAINTS

Do not change unnecessary code.

Result quality

Much better

Weak Prompt 5 — Write an email about the meeting

Why is it weak?

It does not say who the email is for or what the meeting is about.

CONTEXT

We have a team meeting tomorrow.

ROLE

Act as a professional assistant.

TASK

Write a meeting reminder email.

FORMAT

Short professional email.

CONSTRAINTS

Keep it under 100 words.

Result quality

Much better
