

Task 2 - Identify Your Top 5 Automation Opportunities

My top automation opportunity

Writing meeting and client summaries. I chose it because I do it often and AI can turn raw notes into a clean result quickly. The ideal output is short, organized and ready to share.

Context AI would need

The audience, preferred format, project names, important deadlines and company writing style.

Task Description	Current Time	AI Time Saved	Automability	Priority
Meeting/client summaries	30 min	20 min	5/5	Yes
Professional emails	20 min	15 min	5/5	Yes
Technical documentation	45 min	30 min	4/5	Yes
Weekly status reports	40 min	25 min	4/5	No
Code explanation notes	30 min	20 min	4/5	No
